Sorry about the numbering. For some reason I couldn't get it formatted correctly and wanted to get you something ASAP.

Is No. 3 in general or specific to this incident
No. 4 looks like it was crossed out. Should 5 become 4?

Doug
I can't get to that document. Is EPA using OneDrive now or were you trying to post to the sharepoint I shared with you and Hiram.

Liden, Douglas has shared a OneDrive for Business file with you. To view it, click the link below.

Thanks. My brother is there now. I'm out of leave of all kinds so I'm trying to save my time until it's absolutely necessary to go down. Ugh. I wish I knew.

Attached are my comments to the agenda. Do we really need two days? Seems like we could cover this in half a day (minus tour) if CESPT comes prepared.

Also, can you send me again the final agenda for the minute 320 meetings tomorrow?

Thanks, D

I have some edits that I will send you in a bit. Is there a call-in number? My dad is very ill and I may fly home this evening.
